

Press Release dated 10-11-2021

Inauguration of “International Multitopic IT Conference” (IMTIC 2021) at Mehran University of Engineering and Technology, Jamshoro.

Today on 10th November 2021, the Director General FIA addressed the inaugural ceremony of “**International Multitopic IT Conference**” organized by Mehran University of Engineering and Technology, Jamshoro.

At this occasion, the Director General Sanaullah Abbasi briefed that FIA is the only Agency mandated for investigating Cyber Crimes in Pakistan. The phenomenon of cyber security is new and require research and exploration of ideas to understand cyber space in a better way. He also added that all educational institutes especially Mehran University of Engineering and Technology, Jamshoro are the strategical assets of the country as they are educating younger generation about this new emerging issue. The quantum of this challenge is very high and day by day cyber attacks and cyber crimes are increasing. Director General showed satisfaction on signing Memorandum of Understanding (MoU) with different universities in Pakistan which will help to enhance capacity building of cyber security experts in future to save cyber space.

At the end, Director General thanked Vice Chancellor, faculty members and organizer of the conference for inviting him to address on this emerging issue.
